

New Class of Case Codes

(starting with 2010 diagnosed cases)

Analytic Cases

New Code	Old Code
00	0
10, 11, 12, 13, 14	1
20, 21, 22	2

Non- Analytic Cases

New Code	Old Code
32, 42	3
35, 37	4
38	5
40, 41	6
43	7
49	8
99	9

Class of case codes 35 and 37:

If the diagnosis date is before the ASCR's Reference Date of January 01, 1996, the case is not reportable to the ASCR.

Class of case code 42:

It would be optional if the hospital chooses to abstract cases for a clinic or other facility such as chemotherapy or radiation that is not owned by the hospital.

Class of case codes 40 and 41:

Those are used by hospitals that abstract cases there were diagnosed and treated only in a staff physician(s) office.

Class of Case Codes not required to be abstracted (the ASCR's exclusion list):

30, 31, 33, 34, 36
